

PASàPAS GROUP JOINS TALAN

Paris, May 25th, 2021

We are pleased to announce that the PASàPAS Group is joining forces with Talan, an innovation and digital transformation consulting company, as part of Talan's 2024 growth strategy.

With more than 400 expert consultants across the world, PASàPAS Group is a French leader in SAP solutions.

From SMEs to Large Enterprises, this operation will allow customers from both companies to benefit from a wide range of offers that complement each other.

PASàPAS' and Talan's combined forces will enable the Group to increase its reach in France and internationally, by creating a network of 4000+ employees spread in various entities around the globe, strengthening its position as one of the leaders in innovation and consulting.

PASàPAS's expertise, centered around SAP solutions and covering outsourcing, consulting and integration, support and maintenance, data and business intelligence, will come as a great addition to our existing digital transformation consulting services.

"This major milestone will greatly serve our 2024 ambition to become leaders in delivering high-value solutions, particularly around SAP. PASàPAS and Talan offers perfectly complement each other, and PASàPAS's high-level expertise with SAP will allow us to add a string to our bow and reach our 2024 objective. Aside from our business goals, we found in PASàPAS a group of people who share human values dear to Talan's DNA, such as solidarity, integrity, excellence, humility, empathy, and energy," says Mehdi Houas, CEO of the Talan group.

"We are delighted to be able to support the Talan group with which we share common human values and a strong growth ambition. The complementarity of our expertise and offers will increase our potential to provide excellent services focused on SAP Solutions, the Cloud, and Data Management. The multi-faceted expertise of Talan's 3,000 current employees is a major asset in meeting the needs of our customers undergoing transformation, both in France and internationally," says Jeroen Bent, co-founder of PASàPAS.

"The arrival of PASàPAS within the Talan group is excellent news for our customers of all sizes operating in all industries. I am delighted to see a player like Talan strengthen their skills, expertise and know-how around SAP technologies and solutions. Mehdi Houas thus allows its group to position itself as best as possible in a very strong growth market. Strongly rooted in the French economic fabric, PASàPAS and Talan share this constant concern to provide their customers with real added value, a guarantee of all their successes," explains Gérald Karsenti, President of SAP France.

About Talan

Talan is a technology innovation and transformation consultancy. For more than 15 years, Talan has advised companies and administrations, supported them, and implemented their transformation and innovation projects in France and abroad. Present on five continents, the group plans to achieve sales of €400 million in 2021 for more than 4,000 consultants and aims to exceed the billion-euro mark in sales by 2024. The group places innovation at the heart of its development and operates in areas related to the technological changes of large groups, such as Big Data, IoT, Blockchain and Artificial Intelligence. Present at key events in the sector, such as Viva Technology, Talan regularly speaks about the challenges of these revolutionary technologies alongside major players in the sector and parliamentarians (Syntec Numérique, Forum de l'intelligence artificielle, French Fab Tour, Forum de Giverny...).

About PASàPAS

As one of SAP's preferred partners, the PASàPAS Group combines PASàPAS, Dunette, KPF SI and Projexia. Its mission is to enable companies to unlock their development potential through the transformation of their Information System. The Group employs more than 400 staff based in Paris, Bernay, Lyon, Lille, Nantes, Bordeaux, Toulouse, London and Montreal.

PASàPAS, the Group's main entity, supports the transformation and improves the operational efficiency of its customers' SAP information system through its 4 lines of business: Outsourcing, Consulting and Integration, Support and Maintenance, Data and Analytics.

PASàPAS undertakes to deliver a premium level of service thanks to the expertise of its consultants and the quality of the long-term relationship it builds with its customers.
